BRENDA SAYURI
PERFORMANCE RIDER

To ensure a smooth and successful show, we would like to provide you with the technical requirements outlined in the artist's rider.

Instruments:

- Roland TR8
- Eowave Quadrantid Swarm
- Launchcontrol
- Moog DFAM
- MacBook Pro 13'
- Sound card
- Power strip with surge protector
- Necessary cables

Technical Requirements

Soundcheck:

- A minimum of 30 minutes is required for soundcheck with the venue/festival technician.

Instrument Handling:

- Once the soundcheck is complete, there should be no dismantling or disconnection of the instruments.

Table/Booth:

- Rectangular table or booth with minimum dimensions of L100cm x F60cm and a maximum width of W80cm.
- If the table or booth is high, a stable platform, such as a pallet, is needed.

Phone: +31 6 11 155 259

Mixer:

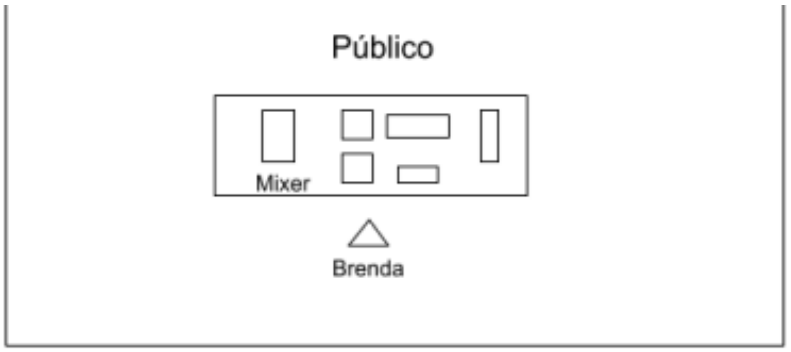
- Mixer with 1 free stereo RCA channel to connect outputs 1 and 2 of the board.
- The mixer needs to be relatively close, considering its 2m cable length.

Return Monitors:

- A pair of return monitors.

Additional Requirements:

- For open-air events in summer, a fan is required.
- Ensure that direct sunlight does not shine on the instruments during open-air events.



We appreciate your attention to these technical details, and we are confident that together we can create an exceptional experience for the audience.

If you have any questions or concerns, please feel free to reach out.
