

# YNGRYD

## FULL BIO

Yngryd is a Chilean-Basque DJ who approaches music as both an art form and a ritual of connection. Her sets move between hypnotic techno, ambient depth and experimental rhythms, exploring contrast — tension and release, stillness and motion, chaos and harmony.

Each session unfolds as a narrative shaped by emotion, intuition and a strong sense of flow. Her way of reading the room is natural and instinctive, allowing her to create atmospheres that feel both intimate and expansive, always responding honestly to the moment.

She has performed at venues such as Tresor Berlin, Lanna Club and Cassette, and at festivals including Mugako and Aquasella. These experiences have shaped her sound and strengthened her distinctive narrative approach behind the decks.

Yngryd creates spaces where sound becomes connection, weaving hypnotic techno, ambient textures and broken rhythms into journeys that invite listeners into her emotional and sonic world.

## SHORT BIO

Yngryd is a Chilean-Basque DJ whose sets blend hypnotic techno, ambient depth and experimental rhythms. Guided by intuition and emotion, she crafts narrative-driven journeys that explore contrast, tension and flow. Her natural way of reading the room creates intimate yet expansive atmospheres where sound becomes connection.
